Famous Artists In
Two-Piano Recital
Goodwyn Institute

Completing her course of Saturday afternoon piano recitals, Mrs. Jason Walker, of the Memphis Musical Bureau, will on April 10, present Arne Oldberg and Carl Beecher in a two-piano recital at the Goodwyn Institute. These artists were scheduled to appear here some time ago, but the prevalence of influenza at the time necessitated postponement.

There is something unusual in a two-piano recital for the average concert goer, and on that account much interest is felt in their appearance. Mr. Oldberg and Mr. Beecher have been associated together for about 20 years, and those who have heard them do not hesitate to say that their combined playing has a quality of mutual understanding that gives it distinctive quality. Both are composers of note as well as players, and their program will include some of their own works.

Following is the program, which will begin promptly at 2 o'clock:

Personal Message
From Geraldine
To Memphians

The mere announcement that the musical season for Memphis this year will include a concert by Geraldine Farrar, has naturally excited keen interest. While that noted artist did not make herself famous in concert work, she is said to be as equally gifted in it, and perhaps the only reason lies in the fact that she chose other channels of art.

After it was decided that this noted star would make her first tour of the South, after the Atlanta engagement of the Metropolitan Opera company in Atlanta, the following personal message was dictated by her:

"To the people of Memphis, dear friends—I have long looked forward to meeting you in person, and the opportunity is at hand. We, however, shall not be strangers, as through the medium of my records and motion pictures, I feel we have already established a sympathetic friendship, which needs to be cemented only by a handshake. I will be so happy to greet you in person in concert the 4th day of May, and that our first meeting may be an auspicious occasion for both."

SOUND ADVICE ABOUT EATING.

Alabama Lady Says, We Impose on Nature by Overeating, But Theford's Black-Draught Will Make You Feel Better.

Paint Rock, Ala.—Recommending Theford's Black-Draught to her friends and neighbors, Mrs. Mary Manning, of this place, says: "I never have and never expect to find a better medicine than Black-Draught. When I've had a cold and needed a laxative, I used Black-Draught. I use it for my stomach, headache and indigestion, and it does the work."

"I believe most of the ills we have are caused from inactive liver. We impose on nature by over-eating, and then the liver don't act. We get lazy and indolent, and the liver don't act. It is hard for us to do our work, and we'd get real sick if we didn't take something. The best remedy I have found yet is Black-Draught. It doesn't leave you constipated, and I feel better after taking a round of it."

Made from purely vegetable ingredients, Black-Draught acts in a natural way, and is free from the bad after-effects of so many mineral drugs. Get a package today. Be sure that it bears the word "Theford's." Theford's is the only genuine Black-Draught liver medicine.

From Thin To Plump—Girls

The expressions of happiness and gratitude of several of his young lady patients for whom he prescribed the recently successful flesh forming product, known as three-grain hypo-mucine tablets, is related by a physician in one of the medical publications and it comes as a surprise to the ordinary layman to learn the story of a distress which seems to affect so many young people who are abnormally thin. Also he says that the light can be readily increased by the use, regularly for several months, of this peculiarly named preparation, now obtainable at the best apothecary shops in sealed packages with complete instructions for self-administration.

COUGHING, WEAK AND RUN-DOWN AFTER FLU

Regained flesh and strength quickly, and tells how.

"I nearly died from 'flu' last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit."

"I saw Mills Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress, my cough is gone and I have gained back my strength and flesh. I am a better man now. I don't trifle with a weak, run-down condition. It leaves you open to serious disease. Get your strength back. Mills Emulsion costs nothing to try."

Mills Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and in case of ADJUST the pressure on the nerves that produce the pressure on the nerve. As soon as this is adjusted the nerve will build up and be able to carry life to the stomach. As soon as the nerve begins to perform its normal function the stomach becomes stronger, and will, in a short time, become normal. See your Chiropractor. Consultation and Spinal Analysis Free.
